PORTFOLIO

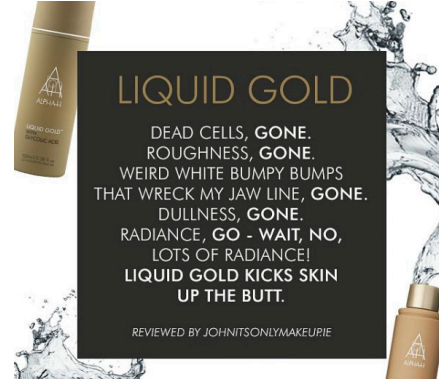

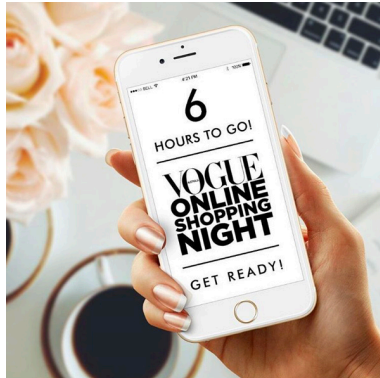

SENIOR GRAPHIC DESIGNER | MARKETING TEAM

MORLIFE FUNCTIONAL FOODS

I produced an array of digital and print work and marketing concepts during my time at Morlife. These are just a few examples of my design work within brand guidelines; all the packaging shown below features my food photography.

ALPHA-H CONCENTRATED SKINCARE

These are a few examples of the digital graphics created during my time at Alpha-H. My role was predominantly digital art and marketing material, but also involved updating and creating new packaging for products as required. Alpha-H is a minimal clean mostly monochrome branding.
